

OTHER HOMICIDE IN NORTH END

Sessions Shot and Killed at
Newnansville Saturday Night.

PARTICULARS ARE SCANT

Said that Slaughter Was Arrested for the Crime and Was Probably Arraigned Before Justice Caswell.

Yesterday's Daily Sun. Information reached Gainesville of a tragedy in the northern section of the county Saturday night, which occurred at Old Newnansville. Particulars were learned, as it was learned that a young man by the name of Lou Sessions was shot and killed in that settlement. It is said another young white man named Slaughter, was arrested and brought to Alachua, where Monday afternoon he was to have been arraigned before Justice Caswell. The trial, if a trial was held, cannot be ascertained at a late hour tonight, notwithstanding that an effort was made by The Sun to secure information.

A BUSINESS CHANGE.

C. Futch Buys Grocery Business From Carter Bros.

There was an important business change in this city Monday afternoon, when Henry C. Futch purchased from Carter Bros., corner West Main and Forty streets, the stock of groceries, together with the good will of the firm.

The firm, which was composed of W. Carter and N. R. Carter, Jr., have been engaged in business here for the past years. They are energetic hard working pair, and by close attention to business have managed to keep a most satisfactory and lucrative trade. Mr. Futch, consequently, beginning, will step into a fine business.

It is the intention of Mr. Futch, to styled the place the University, to have the store thoroughly renovated and overhauled, as it is remodeled, and he proposes to stock one of the finest lines of goods ever seen in this market, including an extra choice assortment of cigars and tobacco. He is a young man with many friends, and no doubt be enabled to increase the trade.

Will D. Wilcox will be associated in the new concern in the capacity of manager. Mr. Wilcox is a young man of broad experience in the mercantile business, and will make a valuable acquisition.

Messrs. Carter have no intention of leaving Gainesville, but are yet undecided as to what business they will engage in.

Will Interest Many.

Any person should know that good health is impossible if the kidneys are diseased. Foley's Kidney Cure will cure kidney and bladder disease in every form, and will build up and strengthen these organs so they will perform their functions properly. No matter how Bright's disease or diabetes may be, Foley's Kidney Cure is taken in the form of a pill. J. W. McCollum & Co.

The Road Tax.

It was in the proceedings of the county commissioners' last meeting, to observe that a tax levy of four cents was made for the roads and bridges. As the commissioners are permitted to levy two mills and they give sixty days notice of their intention to levy a rate in excess thereof, as I have never seen such notice of the county papers, I would like to know under what statute they are so much in favor of good roads. No person in the county, but I believe tracking the law in such matters. It may be that the commissioners exceed the authority, but if so I am sure to find the law.

TAX PAYER

Makes the Liver Lively.

Laxative Fruit Syrup gives instant relief in cases of habitual constipation as it stimulates the liver and restores the natural action of the bowels without irritating these organs with ordinary cathartics. Does not create griping and is mild and pleasant to take. Remember the name Laxative Fruit Syrup. J. W. McCollum & Co.

MOZLEY'S LEMON ELIXIR

REGULATES THE
LIVER,
STOMACH,
BOWELS,
KIDNEYS.

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

MOZLEY'S LEMON ELIXIR.

LAND OF THE SKY.

Interesting Letter from the Summer Resort of Saluda.

Editor Sun: Thinking a word from the cool mountains of North Carolina might be of interest to your readers, who are now sweltering, I know, in the heat of dear old Florida, I will write a short sketch of Saluda. This little "burg" is situated in the very heart of the Blue Ridge Mountains, thirty-five miles south of Asheville, surrounded on all sides by magnificent mountains, and is the resort of visitors from every State in the Union and is unusually attractive during the summer season, not only on account of the beautiful scenery, lovely drives and walks and delightful climate, but also on account of the cosmopolitan people one meets, their sociability, refinement and intelligence.

It has two large hotels, the Charles and Melrose Inn, and numerous boarding houses, all of which are taxed to their utmost capacity during the summer season. Hack and horse hire is cheap and riding and driving is much indulged in. A large number of cottages are owned by residents of Charleston and the low country of South Carolina, and also of Columbia, which are occupied by their families during the season. Many are owned also by residents of other States—Georgia and Florida.

Col. S. C. Boyleston of Jacksonville has a lovely place here. There are many Florida people here now. Among them I note Mrs. John Taylor at the Charles, Mrs. Pacetti of St. Augustine, Rev. Mr. Blackburn of Fernandina, and Capt. and Mrs. A. R. Elmore of Gainesville, and Mrs. Thos. W. Cheanut and daughter, Miss Ellen, also of that city. Mrs. Elmore has leased for the season the lovely Hane cottage, with beautiful grounds, a green, grassy lawn, well shaded with oak, chestnut, hickory and spruce pine, with a magnificent view of the surrounding mountains, and has opened it to summer boarders.

The principal article of food here is "chicken." Your correspondent saw a country wagon load of them—over two hundred—sold to one man this morning for nineteen cents each. Mountain beef and mutton, the best country butter and eggs and fine fruits and berries of every description, and milk in abundance, are daily offered at your door.

This is a "dry" county and "mountain dew" is consequently inaccessible nearer than Asheville. There are three mail trains each way daily and we get the Charleston, Columbia, Atlanta and Asheville dailies the same day of issue. It is delightfully cool here now and a blanket at night is quite comfortable.

I must not forget to congratulate Gainesville on having secured the University. She certainly deserves it, and we Floridians up here rejoice with you. It was a well-deserved tribute paid Major W. R. Thomas, Col. Bob McNamee and your other plenipotentiaries in the magnificent reception tendered them by your citizens on their return from the seat of war. More anon.

Yours truly,

Saluda, N. C., July 15, 1905.

Feel Impending Doom.

The feeling of impending doom in the minds of many victims of Bright's disease and diabetes has been changed to thankfulness by the benefit derived from taking Foley's Kidney Cure. It will cure incipient Bright's disease and diabetes and even in the worst cases gives comfort and relief. Slight disorders are cured in a few days. "I had diabetes in its worst form," writes Marion Lee of Duquess, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me well." J. W. McCollum & Co.

MEMORIAL FUND

To be Raised by the Confederate Veterans and Their Sons.

The following resolutions were unanimously adopted at the Louisville Convention of United Confederate Veterans, held in June last:

Whereas, At our Reunion of 1904, our federation turned over to the Sons the sacred duty of raising the funds for the Memorial to the Women of the Confederacy; and

Whereas, In so doing we never relinquish our deep and abiding love for the cause, or our intention to aid and assist it by every means in our power; and

Whereas, We have clearly shown this by our appointment of a committee to cooperate, and by the work which this committee and many other Veterans in all parts of the South have done during the past year; and

Whereas, It will ever be our most earnest desire to see this tribute paid to our glorious women, and we are most anxious to further cooperate with and give substantial aid to our Sons in the performance of this sacred duty; therefore be it

Resolved, 1st. That each Camp of the United Confederate Veterans, immediately after the adjournment of this convention and the return home of its delegates, shall appoint a committee to actively canvass its respective community to raise funds for this Memorial to the Women of the Confederacy, to which noble, worthy and just object this federation has repeatedly and solemnly pledged itself and its comrades.

2d. That in case any Camp does not take action within one month by appointing this committee, it shall then become the duty of its Commander to make appointment of such committee. If no action is then taken by the Commander, any member of the Camp who is enthused with that high sense of his duty to this holy cause and desires to honor our Godlike women, is urged to personally take charge of the matter, secure the endorsement of his local Camp or its officers and make such collections as he can from his community.

3d. That all funds collected under resolutions one and two shall be deposited in some home bank—at interest—to the credit of the Chairman of the United Confederate Veterans Committee of Cooperation, (Gen. C. Irvine Walker, Charleston, S. C.) and that he shall be promptly advised of such deposit.

4th. That the above resolutions are not intended to be obligatory upon such Camps as have already taken similar action or have already contributed to this fund \$50 or more.

5th. That each Camp is urged to endeavor to raise from its community, as its quota, at the very least, the sum of \$50.

6th. That all Camps shall complete this work by January 1st, 1908, and on that date make a report of the results achieved to the Chairman of our Committee of Cooperation, General C. Irvine Walker, Charleston, S. C.

Catarrh Cannot be Cured

With local applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials free. F. J. CHENEY & Co., Props., Toledo, Ohio.

Sold by druggists, price 75c. Take Hall's Family Pills for constipation.
